We want to be sure that we have time to allow every child who wants to participate in the bike rodeo and to do so. In order to accomplish this, we must be sure that the event runs effectively and without delay or interruption. Therefore, we must implement the following:

- Delivery of a bicycle does not assume permissions by the parent. We must have a signed permission slip in order to allow your child to participate.
- Students may NOT share a friend's bike, only a sibling's bike may be shared
- Students must ride with their class.
